WHILE WE LOVE SKATEBOARDING, THERE ARE OTHER FUN THINGS WE BALANCE THE DAY WITH.

INDOOR ACTIVITIES

Skateboarding, drawing, finger boarding, floor is lava, paper ball dodgeball, obstacle course, skate themed arts and crafts, building skate obstacles & more.

OUTDOOR ACTIVITIES

Skateboarding, tag, red light green light, balance activities, skate spot search & more.

BENEFITS OF SKATEBOARDING FOR KIDS

Skateboarding is a great activity for kids! It can help improve physical health, self-confidence, problem-solving skills, social skills, and creativity:

- 1. PHYSICAL HEALTH:** Skateboarding is a great way to stay active and get exercise and improve overall aspects of their fitness, like balance, endurance, and strength.
- 2. SELF-CONFIDENCE:** Learning a new skill like skateboarding can give kids a sense of accomplishment and help them to develop a sense of personal achievement when they reach the goals they set for themselves!
- 3. PROBLEM-SOLVING:** Skateboarding helps kids learn to think creatively and quickly work through challenges while in the skatepark, and later in life as well.
- 4. SOCIAL SKILLS:** Skateboarding is a great way for skaters to connect with other kids their age, form friend groups, and practice working as part of a team.
- 5. CREATIVITY:** Skateboarding encourages kids to discover new moves, think outside the box, and use their imagination.

OUR CAMPERS GET THE BEST OF BOTH WORLDS.

Kids can take advantage of both the physical and mental benefits of exercise and outdoor exploration, along with indoor activities in a temperature controlled state of the art Skatepark. Campers build their skate skills in a fun and safe indoor environment, then take those skills outdoors gaining further confidence in their abilities.

EACH WEDNESDAY WE WILL GO ON A MINI FIELD TRIP!!

Field trip spots include: Prospect Park, Washington Park (Brooklyn), Thomas Greene Park, a local Skateshop, Astoria Park (dependent on the group). We will spend more outdoor time on field trip day! We will meet at Homage in the morning during regular drop off hours and then head out for the day.

HOMAGE SKATEBOARD ACADEMY

This is the 17th year of our Summer Program in the Gowanus/Boerum Hill area. Our experienced instructors love to teach skateboarding and are constantly progressing in their teaching abilities, just like their skating abilities. Our coaches are Red Cross Certified for both CPR and First Aid, and have years of child care experience. Our brand new Skatepark, designed and built by World Class Skatepark Builders Push Parks, allows for skaters of any level or ability to learn, practice, and have fun!
